

RUPANSH ATRIWAL

Financial Analyst & Strategy Consultant | MSc Management | 2 Years of Experience
rupansh.atriwal@gmail.com · +44 7500 972 565 · linkedin.com/in/rupanshatriwal · Manchester, UK

PROFESSIONAL SUMMARY

MSc Management student at the University of Manchester with 2 years of experience delivering measurable commercial impact across financial analysis, strategy consulting, and client-facing engagements. Proven ability to structure ambiguous problems using hypothesis-driven frameworks. Track record of generating quantifiable results, including a **55% client retention uplift**, 7% YoY cost reduction, and **72% conversion rate** increase across real estate, fintech, and SME operating model contexts and targeting Financial Analyst and Strategy Consultant roles.

CORE COMPETENCIES

- Analytics & Problem Solving:** Hypothesis-Driven Problem Solving | MECE Issue-Tree Structuring | Root Cause Diagnostics | Market Sizing | Financial Modelling & Valuation | Scenario & Variance Analysis | Insight Generation | Cost-Benefit Analysis
- Consulting & Strategy:** Business Case Development | Value Chain Analysis | Operating Model Design | Competitive Intelligence | Process Optimisation | Go-To-Market Strategy | Change Management (ADKAR) | Stakeholder Management | Data Storytelling
- Technical Tools:** Power BI | Advanced Excel (Macros, Pivot Tables, Dashboards) | Python (Pandas/NumPy) | SQL | MySQL | PowerPoint | Canva | HTML | PHP

PROFESSIONAL EXPERIENCE

- Financial Analyst** | Makewell Build Tech Private Limited, India *April 2024 – March 2025*
- Redesigned the four-statement financial reporting suite and introduced proactive client advisory protocols; conducted due diligence across prospective development projects, **driving a 55% improvement in client retention** and a 12% increase in long-term profitability.
 - Applied structured cross-referencing methodology across all accounts and vendor reconciliations; **maintained 99% accuracy** and surfaced ₹3L+ in billing discrepancies annually, directly improving cash-flow forecasting reliability.
 - Identified 6 manual reporting bottlenecks consuming ~20hrs/week across the finance workstream; automated Excel workflows using dynamic formulas and macro-driven pipelines, **reducing processing time by 80%** and eliminating reconciliation errors across 20+ daily financial vouchers.
 - Commissioned to address escalating departmental costs; conducted structured root-cause diagnostics and implemented targeted spend controls across 3 cost workstreams, **delivering 7% YoY cost reduction** while sustaining 89% operational efficiency.
- Founder** | The Pinterest Store *July 2023 – March 2024*
- Built and scaled a self-funded D2C brand to profitability within 6 months with full P&L ownership; executed data-driven campaign strategy, achieving **72% conversion rate uplift** through A/B testing, analytics, and structured content iteration across 450+ designs.

KEY CONSULTING PROJECTS

- Strategy & Growth Consulting Engagement** | Auditsu, UK
- Embedded as lead analyst on end-to-end consulting engagement; applied value chain analysis, PESTLE, Porter's Five Forces, and STP frameworks to diagnose underperforming operating model and GTM strategy; **delivered a 20-slide board-ready restructuring roadmap** with prioritised strategic initiatives projecting 30% qualified pipeline uplift.
 - Identified critical misalignment between product positioning and buyer personas; synthesised primary stakeholder interviews and structured communication outputs into a value-proposition redesign, directly informing Auditsu's revised commercial strategy.
- SME Financial Health Diagnostic** | Pro Bono Strategy Consulting Project
- Self-initiated pro bono consulting engagement; executed full financial health diagnostic across ratio analysis, breakeven modelling, PESTLE risk register, and operating model assessment; **reduced client working capital cycle by 18 days and improved gross margin by 6pp**.

EDUCATION

- MSc Management (Distinction Track)** | The University of Manchester *2025 – 2026*
- Applied consulting frameworks (PESTLE, STP, Value Chain Analysis) across live case competitions; led peer team strategic analysis of Nintendo's global operating model, recognised for analytical rigour and structured communication.
- BBA (First Class)** | Devi Ahilya Vishwavidyalaya, Indore *2020 – 2023*
- Developed quantitative data analysis and business communication skills through collaborative projects; led cross-functional sustainability event coordination for 2 consecutive years, managing teams of 10+.
